PRIDE** 

***A LEGACY OF  
OVER 40 YEARS***

## **CRAFTSMANSHIP IN DUTY GEAR**

It's simple, really. We just listened to you.

Duty gear should be made lightweight, it should wear comfortably, and it should stay securely in place.

Plus, why not make it durable enough to last and to stay looking great?

**Consider It Done!**

That's why you will love Hero's Pride® Ballistic, AIRTEK®, and Tactical gear.

We'll have an option that works for you... because it was made for you.

## **LET US LIGHTEN YOUR LOAD.**

Back pain is a problem for more than 60% of police officers. Duty Belts have been cited as the #1 reason for back discomfort among police officers.

That is why we developed AIRTEK®: innovative, lightweight, and comfortable duty gear that does not compromise on durability or professional appearance.

The exterior of AIRTEK® gear looks just like real leather—and actually stays looking nice longer—due to our proprietary scratch-resistant skin. High-wear areas and straps are equipped with a genuine leather interior to ensure long-lasting durability.

## **PREMIUM COMFORT**

- 30% lighter than competitor belts
- Crafted design molds to the body
- 100% genuine leather for interior and high stress areas

## **OUTSTANDING PERFORMANCE**

- 33E HP Treatment guarantees resistance to scratches, tears, creases
- ATSTM Certified against scratches
- Resistant to bloodborne pathogens
- Multi-layer concentration for lasting durability

## **PROFESSIONAL APPEARANCE**

- Leather-like look and feel
- Plain and basket weave finishes
- Extensive snap color selection, including hidden

**WHY USE A BELT KEEPER?**

Belt keepers wrap around your pant belt and duty belt to prevent your duty belt from shifting or rotating during physical activity like pursuit or self-defense actions. Belt keepers hold gear in place allowing you fast access to your weapon or other critical equipment. An added bonus of belt keepers is they make on-duty dressing and undressing quick and convenient. No more rearranging your duty rig at the start or end of a shift.

- Duty belt stays in perfect positioning at all times – will not move or rotate
- Duty equipment stays where you need it – instant access
- Easy shift change – no duty belt reconfiguration needed
