CRAFTSMANSHIP IN DUTY GEAR

It's simple, really. We just listened to you.

Duty gear should be made lightweight,
it should wear comfortably, and it
should stay securely in place.

Plus, why not make it durable enough
to last and to stay looking great?

Consider It Done!

That's why you will love Hero's Pride®
Ballistic, *AIRTEK*®, and Tactical gear.

We'll have an option that works for you...
because it was made for you.

ARTISTRY IN PATCHES

We are a rare breed of artisans...
those who ardently pursue the road less
traveled and who refuse to cut corners.

We believe every detail is important.

We commit to rolling up our sleeves and spending
as much time as it takes to achieve perfection.

We understand that a patch is a symbol of honor. That is
why we apply tremendous craftsmanship to every stitch.

Not all patches are perfect.

Not all patches are made with passion.

But ours are.

Hero's Pride® is a duty gear and uniform accessories manufacturer providing solutions you need along with craftsmanship you can be proud of. We take pride in serving our law enforcement, public safety, and military heroes. We've served our customers for over 40 years with a dedication to delivering excellence through high-quality products and superior service. Our team is *your* team; we're passionate, hard-working, and committed to your success.

Hero's Pride® products are available through authorized dealers and online retailers across the country. Our value commitment is your 100% satisfaction guarantee. From patches, to duty belts, to badge holders, if you're not satisfied, then neither are we, and we will replace your order or refund your payment in full.

Hero's Pride® is honored to serve the heroes who protect our communities as well as the dealers who support their on-duty needs.

BUILT TOUGH. ACTION READY.

DUTY GEAR

DUTY GEAR

Hero's Pride® offers three innovative lines of duty gear exclusively designed for law enforcement officers and public safety professionals. We gathered insight from those smarter than us—those in the field—you. We made it our mission to understand our heroes' on-duty needs and set out to address the two most common issues associated with traditional duty gear: a lack of comfort and inadequate durability.

After meticulous research, expert consulting, on-duty ride alongs, and extensive product testing, we've developed a breed of duty gear that not only alleviates lower back pain and discomfort due to the weight of a rig, but also increases the longevity of gear-performance. This both removes the need for costly gear replacement, and gives law enforcement officers and security professionals guaranteed consistency when relying on the tools they need to keep them coming home safe.

BALLISTIC
Crafted Comfort. Superior Strength.

AIRTEK®
Lightweight Comfort. Scratch Resistant.

TACTICAL
Comfort in Action. Secure and Strong.

“I found the equipment to be very comfortable and lighter than my normal duty gear. The duty belt seemed to mold to my waist and stay in place. So far the equipment has exceeded my expectations and I like it better than my regular duty gear.”

-Police Officer,
Saint Weatherford Police Department

/BALLISTIC

Crafted Comfort. Superior Strength.

**SEE WHY WE ARE THE FASTEST GROWING BRAND
WITH LAW ENFORCEMENT.**

Hero's Pride® Ballistic Nylon Duty Gear is flexible to the body and abrasion-resistant so you feel good and look good.

Ballistic's lightweight design allows for comfortable movement.

AIRTEK®

Lightweight Comfort. Scratch Resistant.

LET US LIGHTEN YOUR LOAD.

Back pain is a problem for more than 60% of police officers.

Duty Belts have been cited as the #1 reason for back discomfort among police officers.

That is why we developed AIRTEK®: innovative, lightweight, and comfortable duty gear that does not compromise on durability or professional appearance.

The exterior of AIRTEK® gear looks just like real leather—and actually stays looking nice longer—due to our proprietary scratch-resistant skin. High-wear areas and straps are equipped with a **genuine leather interior** to ensure long-lasting durability.

SPEC'D-IN BY LAW ENFORCEMENT DEPARTMENTS ACROSS THE U.S.

WHY USE A BELT KEEPER?

Belt keepers wrap around your pant belt and duty belt to prevent your duty belt from shifting or rotating during physical activity like pursuit or self-defense actions. Belt keepers hold gear in place allowing you fast access to your weapon or other critical equipment. An added bonus of belt keepers is they make on-duty dressing and undressing quick and convenient. No more rearranging your duty rig at the start or end of a shift.

- Duty belt stays in perfect positioning at all times – will not move or rotate
- Duty equipment stays where you need it – instant access
- Easy shift change – no duty belt reconfiguration needed

SUPPORTING OUR HEROES

Our goal is to support you so you can support those who make a difference in our communities.

Our gear enables public safety professionals to perform better, react faster, and come home safe. Whether our team is designing a new product, adapting a patch for Autism Awareness Month, volunteering, or donating a portion of our proceeds to breast cancer research, nothing brings us more fulfillment than knowing we're making a difference.

TEAM CULTURE

At Hero's Pride®, we strive to create a culture that empowers a humble, creative, and independent workforce. We believe that what makes us different makes us stronger—and that building a diverse, inclusive, and equitable organization is not only good for our teams, but good for our customers and our community. Every day we push each other to think creatively, listen to the emerging needs of our customers, and bring new and innovative ideas to the table.

Curious about what goes into a high-quality emblem? Below are several best practices we take into account when creating your custom patch.

BORDERS

MERROWED BORDER

Marrow border style wraps around the patch to seal edges creating a finished piping effect.

HOT CUT EDGE BORDER

Laser or hot knife cut borders are used for intricate shapes to create perfectly defined edges.

LETTERING

Block style lettering works best for embroidered styles but serif and script fonts can be used if space allows. It's best to avoid a condensed font style as lettering will not be as sharp or legible.

Patch Size	Main Lettering	Other Important Lettering	Seal Lettering	Representational Lettering
3"	1/4" - 5/16" Bold	3/16" - 1/4" Bold	3/16"	1/8"
4"	5/16" - 3/8" Bold	1/4" or more, Bold	3/16"	1/8"
5"	5/16" - 1/2" Bold	1/4" or more, Bold	3/16"	1/8"

5/16" SERIF - OUTLINED

1/8" BLOCK - 7 PER INCH

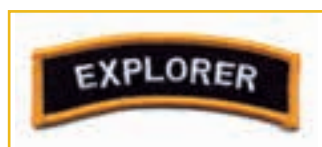

1/8" BLOCK - 11 PER INCH

ARCS & ROCKERS

These patch elements offer the flexibility of adding additional information to your patch, like a title or identification of an organization, while maintaining the professional and cohesive look of your design.

EACH ARC AND ROCKER IS DESIGNED TO FIT SNUGLY ABOVE OR BELOW YOUR PATCH.

DESIGNING A NEW PATCH?

- Sketch your patch here or anywhere and include with quote request
- Trace an outline from next page or draw your own
- Indicate colors: Background, border, all lettering, all details
SEE COLOR CHART ON PAGE 142 & 143

CUSTOM PATCH DESIGN TIPS

No matter where you choose to order your patch, it's important to keep these tips in mind, as they will impact the design quality of your project. When ordering from Hero's Pride®, our patch experts take care of these details—so you don't have to.

- Lettering looks best if it follows the curve of the patch border and is at least ¼" high
- Avoid using similar lettering colors on similar background colors - as details will be lost due to a lack of contrast
- Make sure design elements are pictorially correct - a dog shouldn't look like an anteater
- You should be able to read the lettering on your patch from 8-10 feet away, if you're not able to, it's likely because the lettering was too small or not in bold
